The circulation of the DAILY NEWS is steadily increasing and on Monday passed the 500 mark by a clear majority of 100. Monday's edition of the paper was exhausted fifteen minutes after the last form was off the press. 600 for a daily in a city the size of Daytona is a very creditable showing and is evidence that the public appreciate our efforts. It shall be our aim to build the circulation to a still higher figure and to accomplish this will make it better and better each day.

PENINSULA SOCIAL MISCELLANY

(Continued from First Page)

Short Paragraphs of Personal and Social Events Among Our Neighbors Across the Halifax.

A crowd of young people went for a launch ride on the river Friday afternoon. They left about 2 o'clock expecting to return before dark. They reached Port Orange in safety and visited the old sugar mills. On their return home they got stuck on an oyster bar, and being unable to move the boat, they had to call for help from Port Orange. They reached home, however, about 8:30 o'clock without any serious accidents.
